

Canon

Color Bubble Jet Printer

S520

- Up to 14 ppm black/
9 ppm color
- 4" x 6" borderless prints in
less than a minute
- 4 individual ink tanks
reduce waste
- 25 years lightfastness*

The Ideal Printer for Home, Office and Photo Printing.

Meet the ultimate everyday printer. The Canon S520 Color Bubble Jet printer gives you the power to print office documents and Web pages, plus full color photos at incredible speeds.

Everyday printing. Extraordinary results.

Now you can achieve exceptional printing results. The S520 speeds through projects at up to 14 ppm in black and 9 ppm in color. It features incredible 2400 x 1200 dpi color resolution—38% greater than 2880 x 720 dpi printers. With Canon's latest technology you can print ready-to-share 4" x 6" borderless photos in less than a minute. The S520 features advanced MicroFine Droplet Technology™ that automatically refines color, improves droplet precision and detail for exceptional photo quality. To ensure customers enjoy speed and quality together without compromises, Canon's Precision Color Distribution Technology helps to eliminate variances in color dot composition and visible banding typically found with high-speed, bi-directional printing. When used with Canon Photo Paper Pro, your favorite photos retain their brilliance for approximately 25 years.*

Intelligent ink management.

The S520 printer features the Canon Think Tank System™—an intelligent ink-management system that helps eliminate ink waste. It uses four individual ink tanks, so you replace only the color you need as it runs out, not the entire cartridge. The Canon Think Tank System also features a unique low-ink sensor that alerts you with an on-screen message when ink levels are low. So you can drop in a new tank before running out of ink unexpectedly in the middle of a print job.

* Based on Canon Inc. studies using Canon Photo Paper Pro, under glass, utilizing industry-standard lighting conditions and controlled temperature and humidity. Results may vary based on individual environmental factors. See www.usa.canon.com/consumer/lightfast for details.

Technical Information
