

Canon

Advanced Inkjet Print Engine, Plain Paper Convenience.

Fax important documents. Place a call. Copy a report. Now, one machine can simplify your everyday office tasks. Its Automatic Document Feeder holds up to 20 letter-sized pages, and it's capable of transmitting one page in approx. 6 seconds — reducing your wait time and your phone bill. If you're out of paper or your line's busy, it can hold up to 60 pages¹ in fax memory. Its inkjet print engine produces bold, clear text and graphics, and Ultra-High Quality (UHQ) image processing helps to make your faxes clean and crisp.

FAX-JX200

High-end faxing: Fax at up to 14.4 Kbps, store phone numbers to 69 speed-dial locations, and receive up to 60 incoming pages¹ into memory.

Handles big jobs: The automatic document feeder holds 20 originals, making it easier to copy, scan or fax large documents.

Crisp copies: Produce B&W copies with clear, sharp text.

Elegantly simple: One-Touch Dialing makes it easier and faster to stay in touch with the people you contact most.

It's in the details: FINE technology accurately places small ink droplets consistently on the paper for incredible precision and detail.

Clean and clear: Ultra High Quality (UHQ) image processing technology allows you to fax photos, fine text, even illustrations while maintaining exceptional clarity.
